IOWA BULLETIN NO. IA300-12-1

SUBJECT: LTP – CRP CP23 WETLAND RESTORATION GUIDANCE

PURPOSE. To provide information on determining eligibility.

EXPIRATION DATE. September 30, 2013

The Iowa Farm Service Agency State Office has just issued a bulletin to their field offices on new guidance for future CP23 Wetland Restoration contracts. This guidance will be used to determine eligibility and minimum restoration required for future CP23 contracts. This revised guidance will be added to the 2CP Manual and should be followed by NRCS field offices when providing future technical assistance for this practice.

As part of this revised process field offices should complete the attached worksheet to determine eligibility and guide minimum restoration planning for CRP CP23 contracts.
